

The background of the page is a light gray color. On the left side, there is a vertical strip with a repeating geometric pattern of interlocking triangles. On the right side, there are several parallel, slightly curved lines that create a sense of depth and movement, resembling a sunshade or a series of overlapping panels. The Sun Barrier logo is located in the top right corner.

WHY CHOOSE A FROSTED DESIGN?

Enhanced Privacy

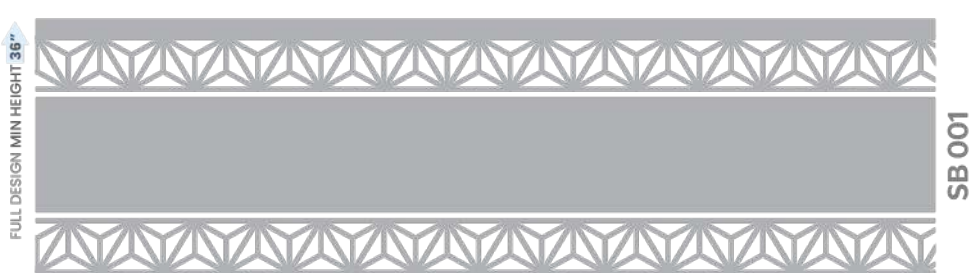

Frosted designs obscure visibility, making them ideal for areas where privacy is a priority, such as office partitions or bathroom windows.

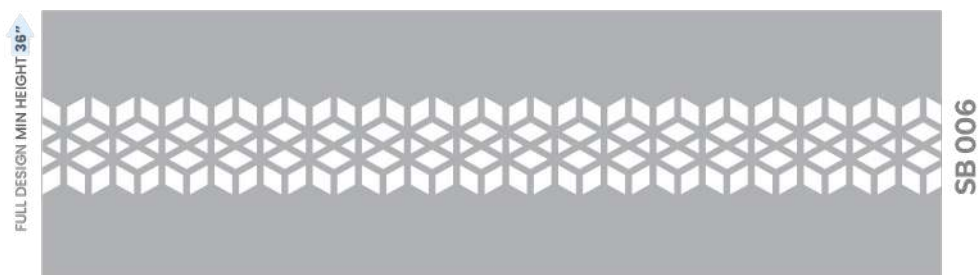

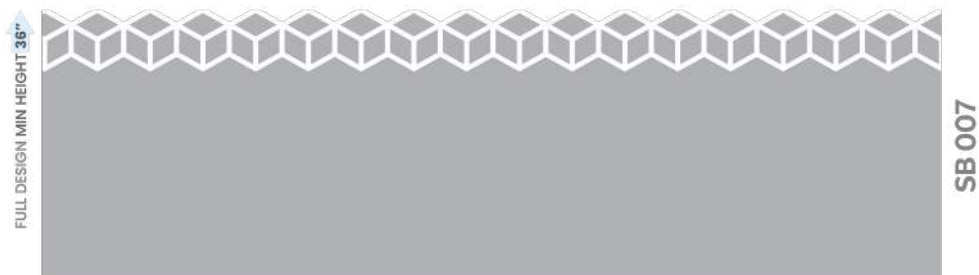

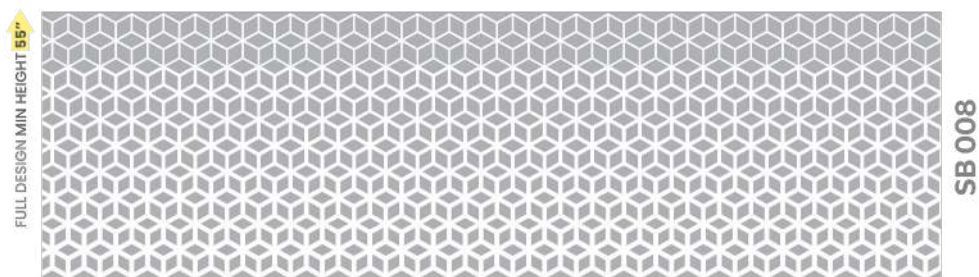

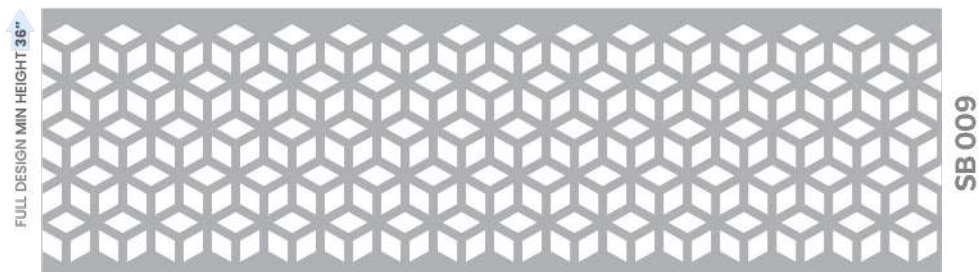

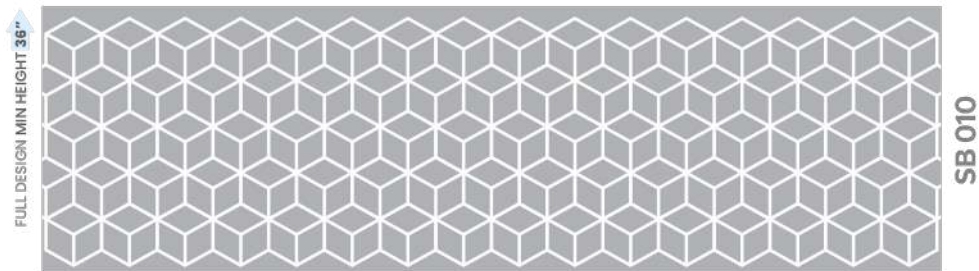

LOGO TEXT

LOGO TEXT

**The height and width are adjustable, but the minimum gap and line is limited to 8mm.*

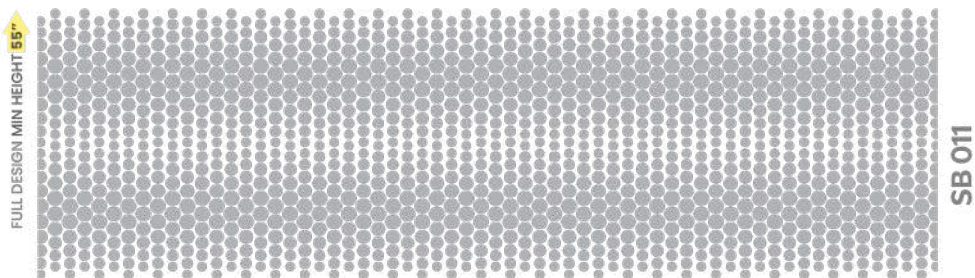

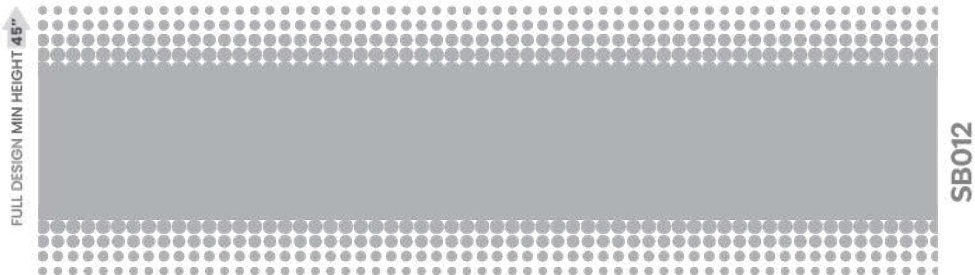

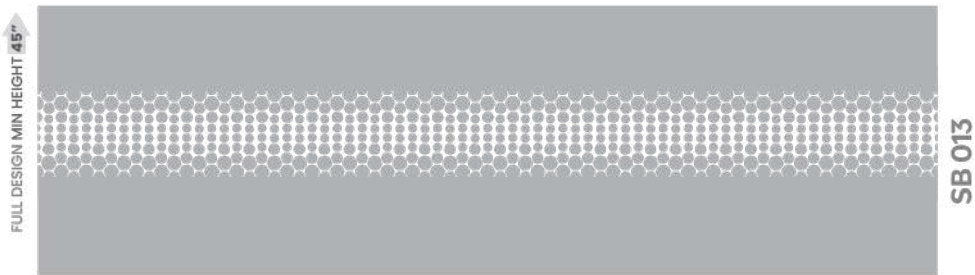

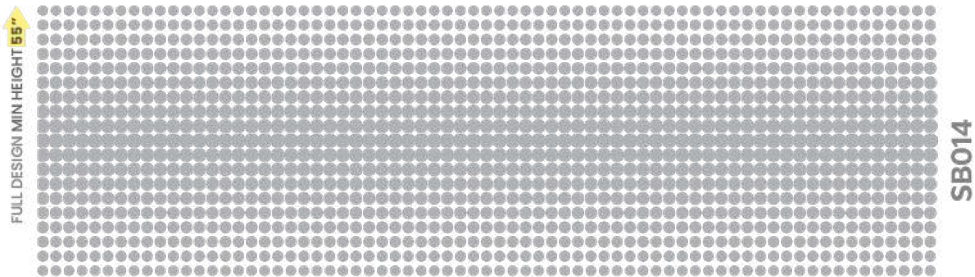

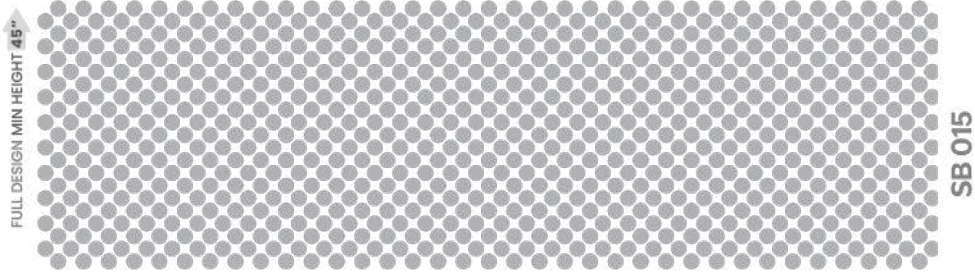

**The height and width are adjustable, but the minimum gap and line is limited to 8mm.*

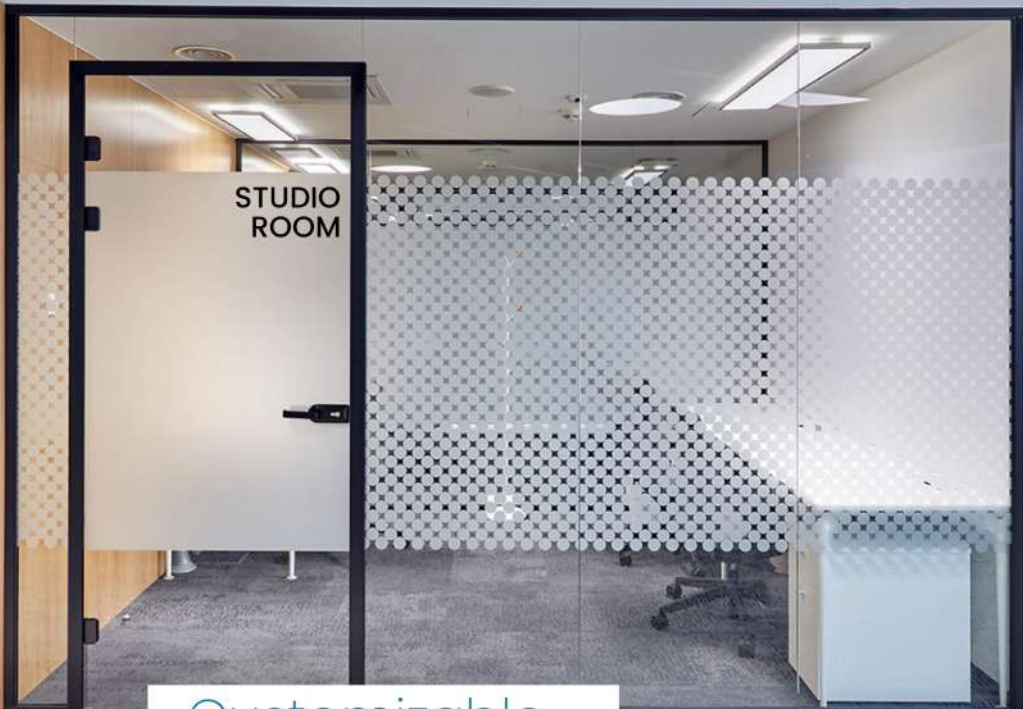

Aesthetic Appeal

It adds a modern, sleek look to any space, elevating the interior decor with a stylish and sophisticated touch.

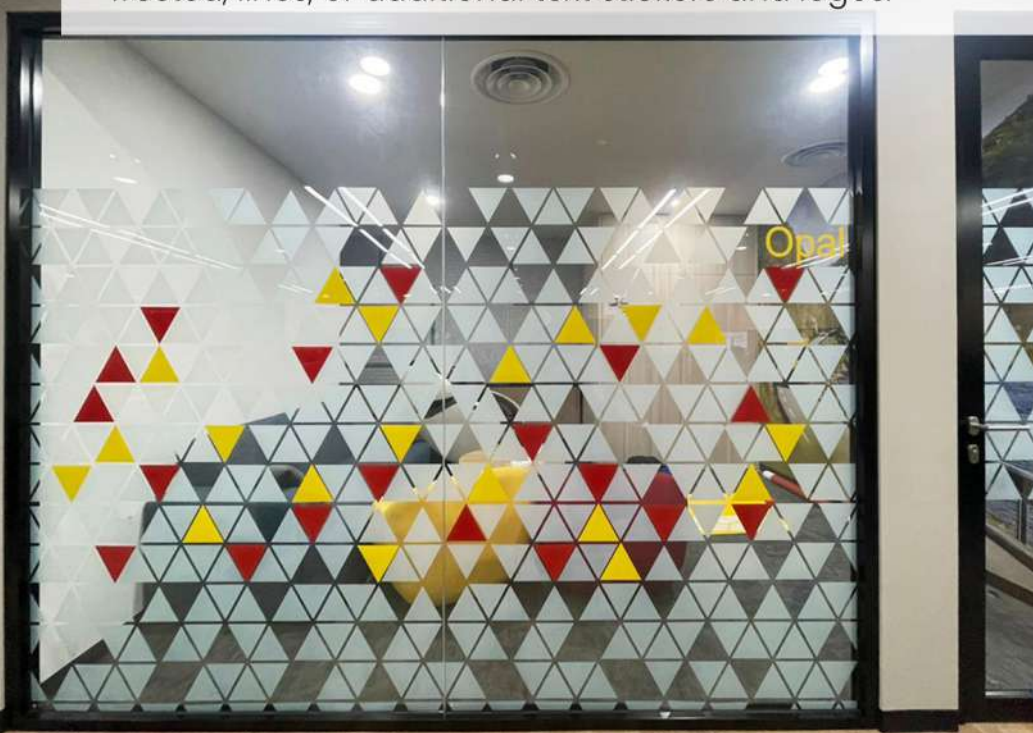

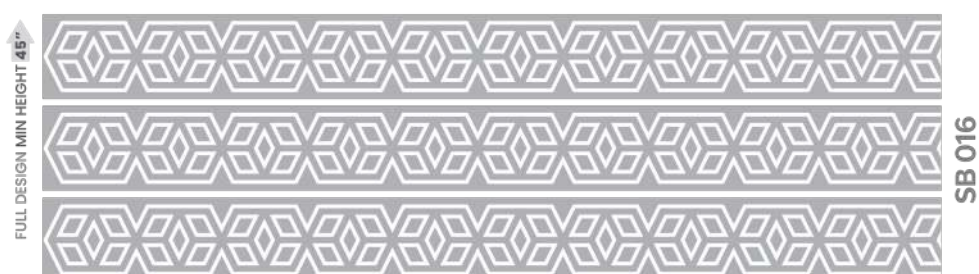

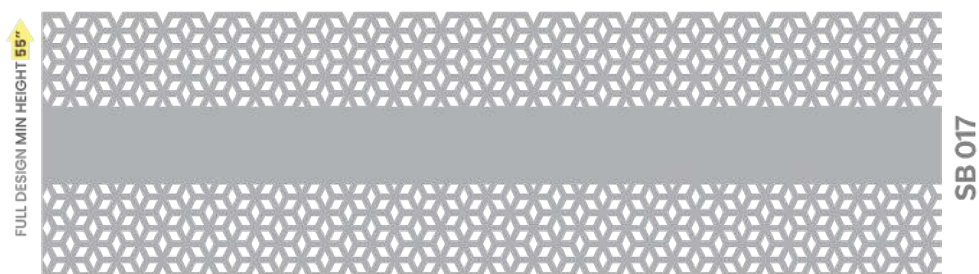

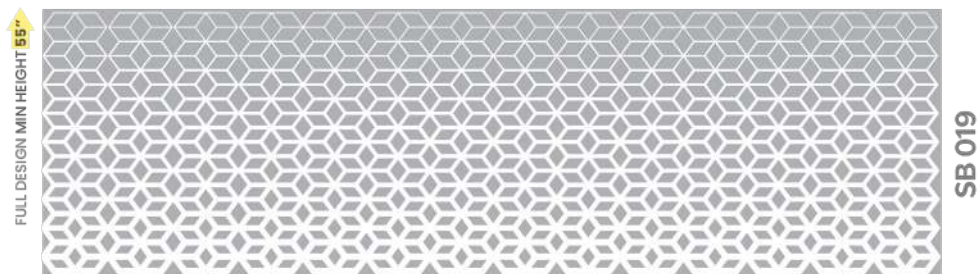

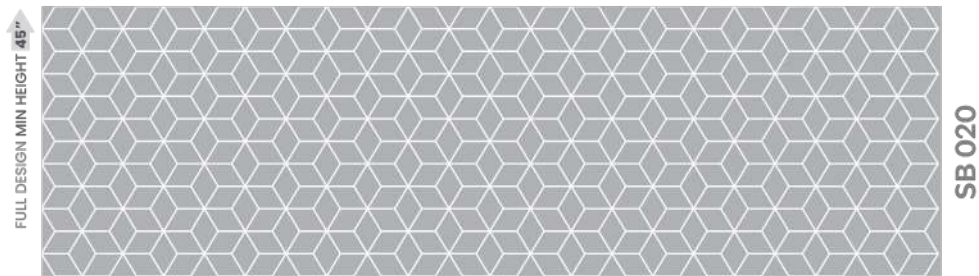

**The height and width are adjustable, but the minimum gap and line is limited to 8mm.*

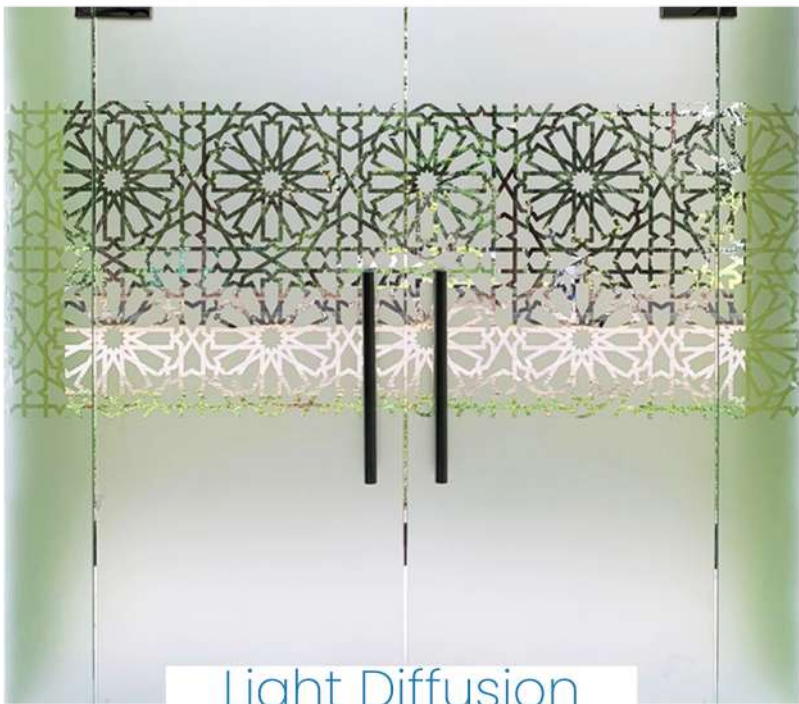

Customizable

The design is flexible and can be combined with full frosted, lines, or additional text stickers and logos.

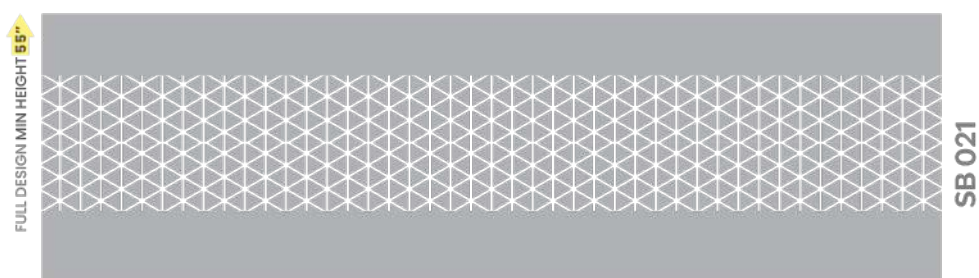

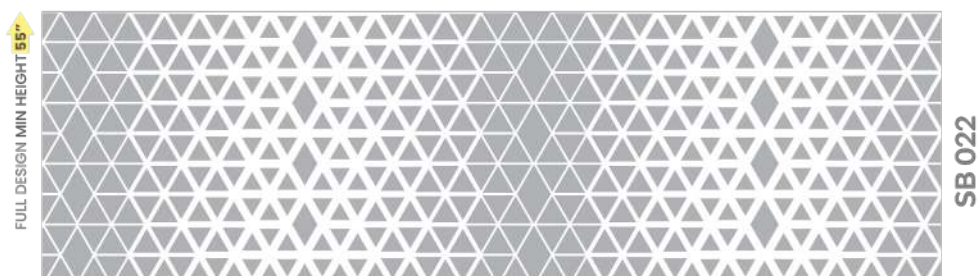

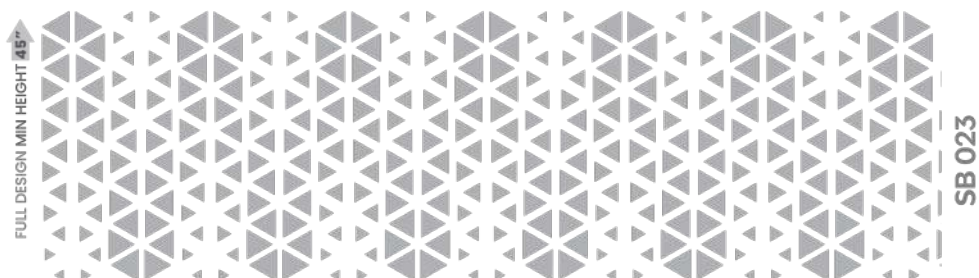

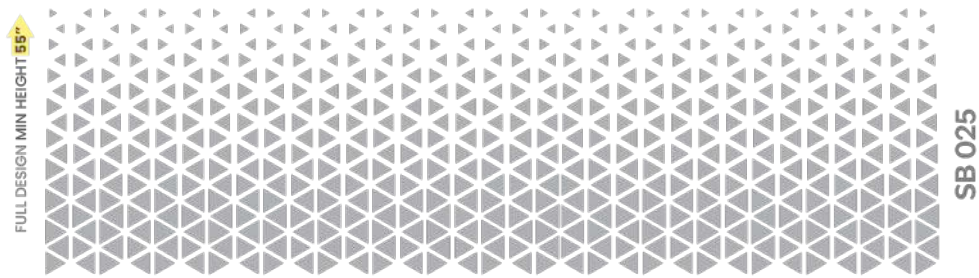

**The height and width are adjustable, but the minimum gap and line is limited to 8mm.*

Light Diffusion

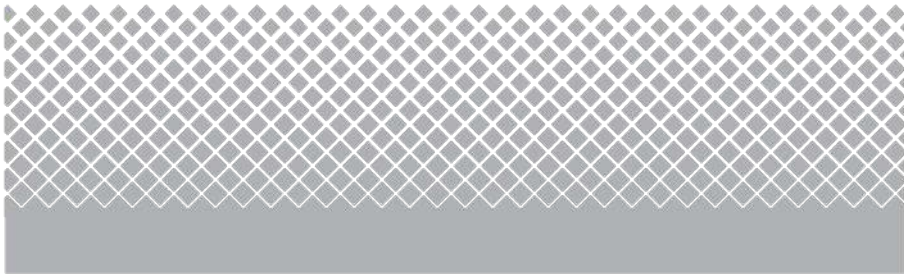

Frosted glass helps diffuse light, creating a soft and even lighting effect, which can reduce glare while still allowing natural light to enter a room.

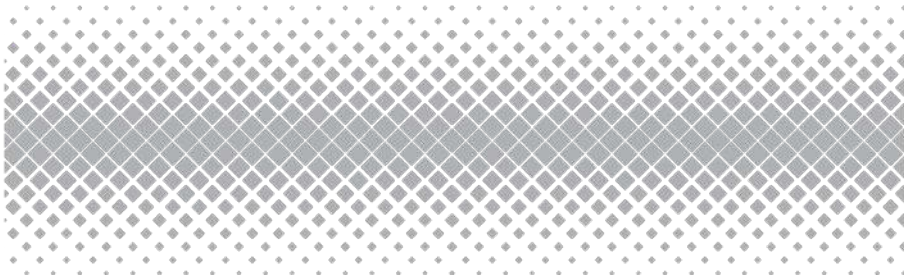

**The height and width are adjustable, but the minimum gap and line is limited to 8mm.*

Durability

Average frosted is made from 3mil thickness, making it resistant to fading and wear over time, ideal for indoor use.

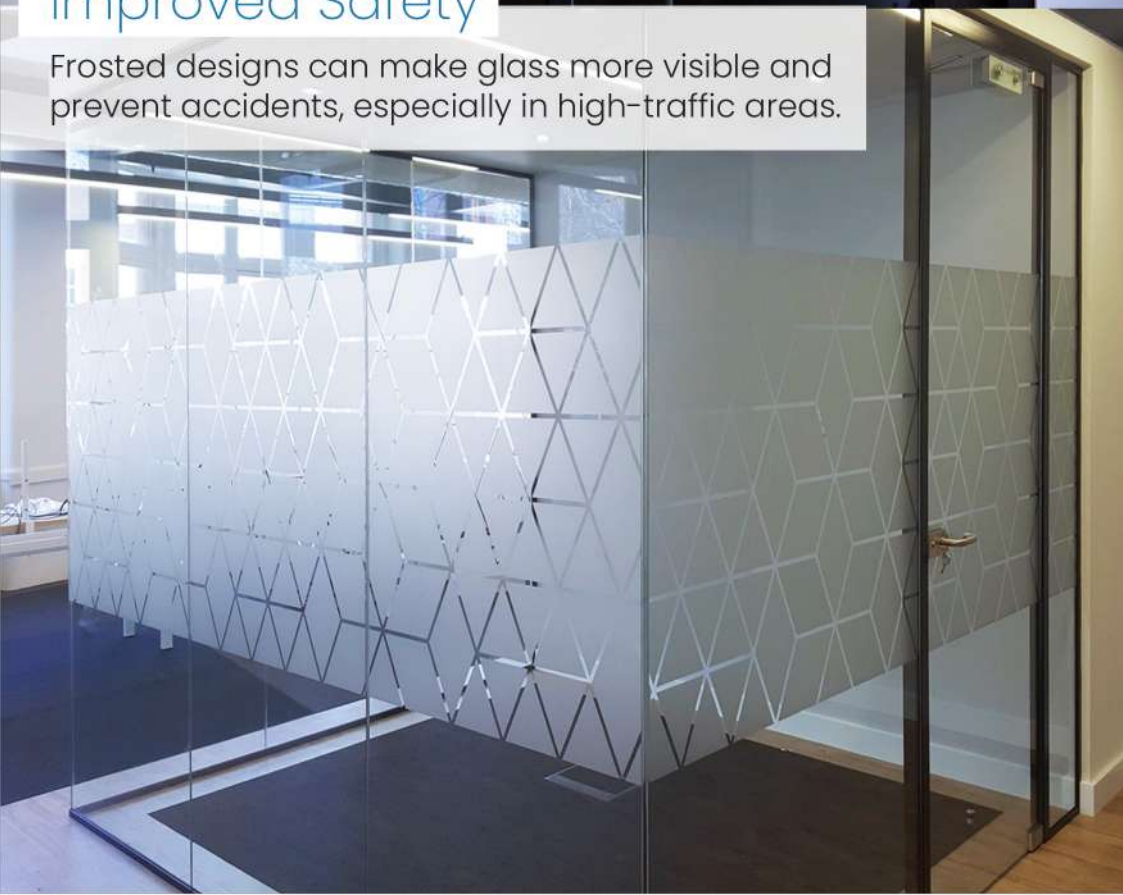

*The height and width are adjustable, but the minimum gap and line is limited to 8mm.

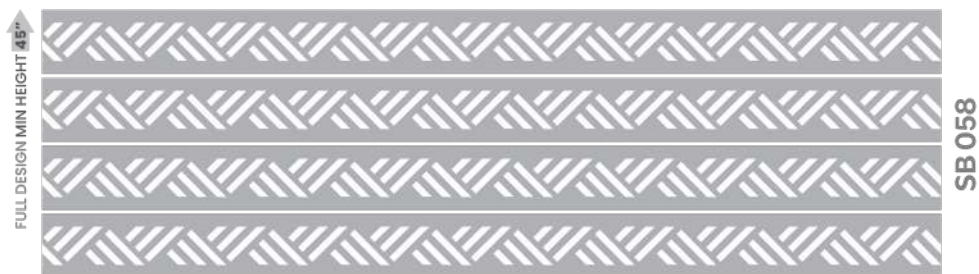

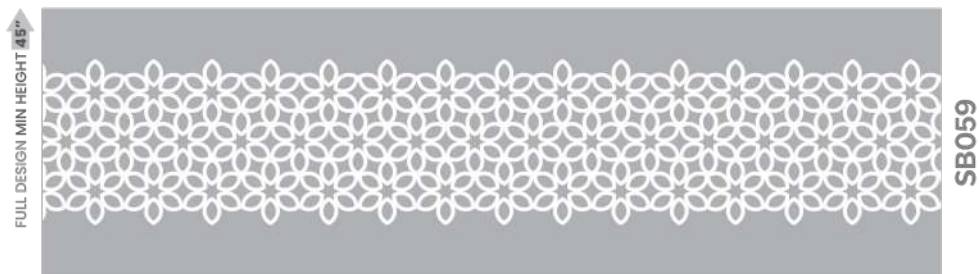

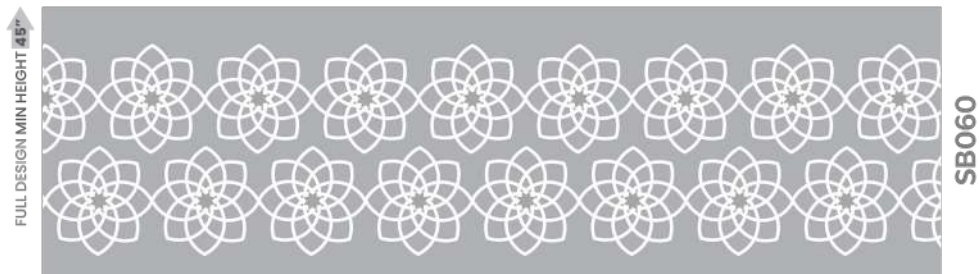

MEETING ROOM

Improved Safety

Frosted designs can make glass more visible and prevent accidents, especially in high-traffic areas.

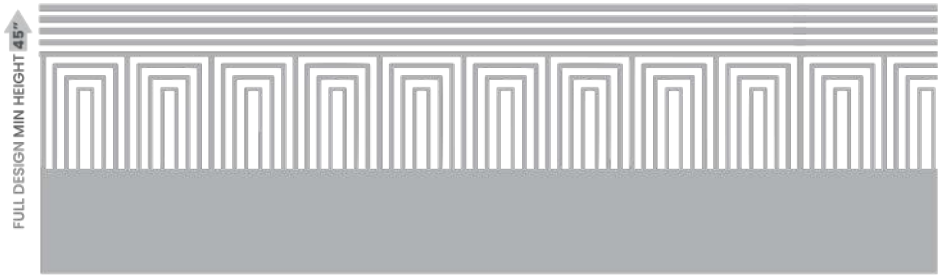

**The height and width are adjustable, but the minimum gap and line is limited to 8mm.*

Affordable Customization

Achieve a premium look without the high cost of etched or sandblasted glass. Compared to printed stickers and lacquered glass, frosted designs are more cost-effective.

At Sun Barrier, we specialize in **Frosted Computer Cutting**, commonly referred to as frosted glass decal or frosted customization. We utilize frosted materials to showcase custom designs precisely cut using a plotter cutting machine.

We also offer a variety of colored stickers for computer-cut designs.
